DETAILS

The Timberline Beaumont 1050 Wall Hung Tallboy

Beaumont tallboys are a great way to pack a lot of storage space into a compact cabinet. The two drawers give excellent organisation for small items. The large door fits the bill for bulky bathroom items. They are available in any of Timberline's cabinet colours and handles to compliment your bathroom.

Once you have had a tallboy in your bathroom you will wonder how you ever managed without the extra storage space. With cavernous drawers and doors you can pack them to the hilt with linen or bathroom supplies.

Features

- Standard white interior or Platinum Luxe Graphite interiors available
- The product image displayed is a wall hung vanity. Floor standing and/or leg options are also available
- Available in various finishes
- Available in various handle options
- Left hand hinge is the standard option however you can specify right hand hinge if required

Interior options

- Platinum tallboys include 'Luxe Graphite' interiors to match Platinum Vanities.
- Standard tallboys have white interiors.
- When choosing a Platinum vanity we recommend selecting a Platinum tallboy to ensure all your furniture has matching interior finishes.

Dimensions (mm)
